This event is hosted by the National Centre of Biography.

Emeritus Professor Tom Griffiths will launch *'True Biographies of Nations?' The Cultural Journeys of Dictionaries of National Biography*, edited by Karen Fox.

The book brings together practitioners from national biographical dictionary projects around the English-speaking world to reflect on the recent cultural journeys of these large-scale research projects, and the challenges presented to them by such developments as the transition to a digital environment, a new alertness to the need to represent diversity, and the rise of transnationalism.
